## FULL-STACK WEB DEVELOPER

[GitHub](#)  
[LinkedIn](#)  
[Portfolio](#)

---

### Summary

I have been building beautiful and functional products for almost four years, including two in a professional environment. I began as an entirely self-taught learner, but to gain further mastery I enrolled in Bloc's Full Stack Web Development Program.

Now that I'm about to graduate from that program, I'm looking for a new opportunity to build gorgeous, usable web sites, in the Harford, CT area, the larger Boston, MA area, or remotely.

---

### Skills

**Front End:** React.js, React Context, jQuery, HTML5, CSS3

**Back End:** Node.js, Express.js, MongoDB and PostgreSQL

**Front and Back End:** ES6 JavaScript, NPM, TDD with Mocha, Jasmine, and Karma, webpack and Browserify, RESTful API Design

**Additional Tools:** Git, GitHub, Slack, Teamwork, Chrome Dev Tools

---

### Experience

Dom & Tom, Inc.

New York, New York

**FRONT-END WEB DEVELOPER**

---

### Recent Projects

[Solution Spot](#) | [Github/Client](#) | [Github/Server](#): A full-stack application where solution-oriented people can share and discuss their ideas. Built with React.js, Context, Node.js, Express.js, JSX, CSS, Postgresql

[Binge Watch](#) | [GitHub](#): An app to help binge-watchers find information about their favorite show, as well as a list and information about similar shows. Built with jQuery, HTML5 and CSS3.

---

### Education

BLOC

April 2019 - December 2019

**Full-Stack Web Development Program / Engineering Immersion**

- Learning industry best practices and practical software development standards with a focus on HTML5, CSS3, JavaScript, jQuery, Node.js, React, Redux, and algorithms & data structures.
- Creating and deploying mobile-first, responsive applications while learning new languages and frameworks by collaborating several hours every week with a senior web developer.

Metropolitan State University of Denver

***B.A. in Behavioral Studies***

September 2003 - June 2007
